

The *DIAMOND 'SORB'*™ System

Whole Home Non-Salt Water Scale Prevention

Provide your whole house with clean, healthy water from every faucet.

- * *Superior Water Softener Alternative*
- * *No Salt or Chemicals*
- * *99% Effectiveness Rating*
- * *Essentially Maintenance Free*

Benefits of The Diamond 'Sorb' System

- * Protection from Scale throughout the entire house
- * No Salt, Chemicals, or electricity required
- * Long-Lasting Media - Not consumed by the reactions
- * Leaves Beneficial Minerals in your drinking water
- * No Slimy Soft-Water feel
- * Healthier for Skin, Hair, and Food
- * Safe for Watering Plants
- * Confidence in production. Built with High-Quality components by PENTAIR - The leaders in residential water treatment technology

SINCE **1998** WE HAVE BEEN PROUDLY SERVING VENTURA, SANTA BARBARA, AND LOS ANGELES COUNTIES

Healthy *Water* for a Better Life.

The *DIAMOND 'SORB*™ System

Whole Home Non-Salt Water Scale Prevention

next™ ScaleStop

*Scale and Hardness Protection with
Template Assisted Crystallization*

For years water softeners have been virtually the only means of treating hard water. Now there is a **Superior Water Softener Alternative**.

Technology Breakthrough

*Template Assisted Crystallization (TAC)
- Polymer Beads*

A recent development called Template Assisted Crystallization (TAC) by **next™ Filtration Technologies Inc.**, has produced the first effective Chemical-Free scale prevention.

Based on TAC technology, atomic sized nucleation sites on the surface of small **next™ ScaleStop** polymer beads convert dissolved hardness minerals into harmless inactive microscopic crystals.

Once the seed crystals grow to a certain size they are released from the bead. The crystals in solution keep hardness out of the water so it cannot form scale or interfere with soap.

Tested and Proven

Tested by an independent laboratory against the international protocol for scale prevention, **next™ ScaleStop** achieved a **99% EFFECTIVENESS RATING** - The only technology to do so and far more effective than any other water softener alternative. Proven in over 6 years of successful use in homes and businesses.

next™ ScaleStop is
TESTED and CERTIFIED
by the Water Quality Association
to NSF/ANSI Standard 61.

High-Quality Standard Construction

Bypass Valve

(Inner Tank)

Structural Poly Glass™

Pressure Vessels

The ideal pressure vessel for residential and light commercial water softener/filtration applications. Featuring a one piece, seamless high density polyethylene liner and an encapsulated, leak free engineered polymer inlet, Structural Poly Glass and a high-density polyethylene molded base. These vessels are designed to provide you with years of worry free performance.

(Outer Sleeve)

This attractive outer sleeve is made of polished stainless steel.

Our components have been individually TESTED and CERTIFIED by the WQA to NSF/ANSI Standards.

High-Flow Distributor

Distributes flow evenly at the bottom of the resin tank.

SMART INVESTMENT
Compared with the competition, you'll see the benefits add up with Diamond 'Sorb conditioned water. All of our systems come with a **10-year Limited Warranty**.

**MAINTENANCE FREE
FOR LIFE**
